### OBJECTIVE

It is my goal to obtain a junior position as a user interface designer with an organization with a strong focus on user-centered design.

### A FEW WORDS

I am a designer and artist based in Atlanta, Georgia. I specialize in user interface design, front-end web development, and information architecture. I'm currently learning how to design for mobile devices, visualizing data using tools such as Processing, and programming object oriented applications.

**Designer, Illustrator, Photographer**  
**S. Quinton Green**

JANUARY 2008

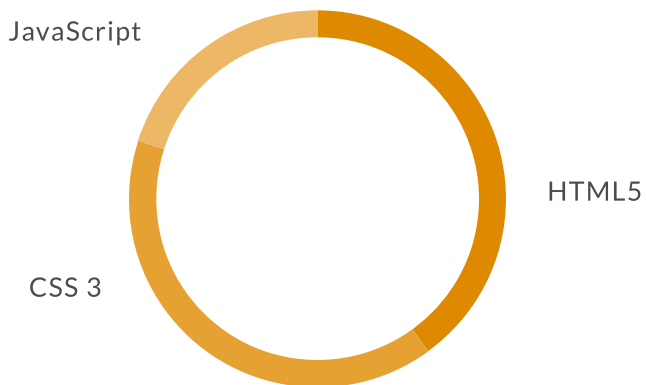

When I began work as a freelance designer, illustrator, and photographer, I needed an umbrella that could serve as a creative identity. S. Quinton Green evolved as a direct result of that need, and currently serves as a vehicle with which I deliver my perspectives on design and technology.
